EXPERIENCE

01/2009 – Present
Austin, Texas

Graphic Designer + Web Designer | Jessie Ramirez Design
Creating with clients and friends on a variety of products and activities such as brand identity, web and mobile design, social media, advertising, publication, product packaging, illustration, digital art and mixed media.

08/2014 – 08/2015
Austin, Texas

Mac Expert + Apple Specialist | Apple
Ensured a favorable end-to-end purchase experience for business customers while following the Apple's Customer Engagement Model. The role later led into Apple Specialist for the Apple Watch.

04/2013 – 08/2014
Austin, Texas

Print + Production Designer | Allstar Printing Company
Collaborated with clients to produce exciting print, web, logo design and direct mailing. Other duties included production work such as proofing, printing, cutting and binding.

08/2010 – 04/2014
Austin/Dallas, Texas

Print + Production Designer + Project Manager | Direct Mail Partners
Created visually exciting web content and print design such as web banners, newsletters, stationery, brochures and postcards. Prepared files for direct mailing along with production work.

04/2010 – 08/2010
Austin, Texas

Print + Production Designer | Ranch Road (internship)
Worked alongside with fellow designers to design visually exciting print, web, logo design and direct mailing projects. Production work was also a big part of the job.

08/2007 – 04/2009
Ventura, California

Technical Assistant | Brooks Institute
Assisted with technical advice and instruction to students working in the lab. Maintained proper diagnostics and repair of various equipment, including printers, scanners and Mac desktops.

EDUCATION

08/2005 – 04/2009
Ventura, California

Bachelor of Arts in Graphic Design
Brooks Institute

SKILLS

ID | Ai | Ps | Dw | HTML5 + CSS3 | WordPress

ABOUT

Tuned-in. My passion started with print and album artwork. I enjoy crafting brand identities for bands and businesses. Attending live shows keeps the creative energy flowing. Clean and simple design keeps me interested. Constantly learning the latest web technologies and other design related topics that help hone my design skills.
